Re: HA 2332

Dear Mrs. Cyr:

Reference is made to our telephone conversation on May 2, 1979,  
concerning Harbor Area Lease No. 2332.

As you are aware, the Department of Natural Resources is required to  
collect leasehold interest tax. This tax was retroactive to  
January 1, 1976, unless specifically exempted.

By mistake the wrong number was punched into our computer, which  
exempted Harbor Area Lease No. 2332. Therefore, no billings were  
sent out requesting the tax together with the rental.

This error has been corrected, however, it is still our responsibility  
to collect the back taxes.

*wrong* A total of \$141.37 tax is owing from January 1, 1976 to November 1,  
1978. Please remit to the Department of Natural Resources \$141.37  
for the leasehold interest tax. Enclosed is a brochure explaining  
the particulars of this tax.

Please accept our apologies for the inconvenience this causes you.

Very truly yours,

BERT L. COLE
